### Profile

Enthusiastic Front End Developer with 1 year of experience in building responsive and user-friendly websites. Proficient in HTML, CSS, and JavaScript. Known for a strong attention to detail and the ability to collaborate effectively with team members. Dedicated to enhancing user experiences and continuously learning new technologies to stay current in the field.

### Professional Experience

#### Web Developer Intern

Nov 2021 – Dec 2021

*Avllo*

- **Web Application Development** : Developed web applications using HTML, CSS, and JavaScript, contributing to the creation of functional and interactive user interfaces.
- **Responsive Design** : Implemented responsive design principles to ensure websites are mobile-friendly and provide a seamless user experience across various devices and screen sizes.
- **Collaboration** : Worked closely with other developers to enhance the overall user experience of websites, ensuring consistency, usability, and accessibility.
- **Project Contributions** : Played a key role in several projects, delivering high-quality code and innovative solutions to meet project requirements and deadlines.
- **Skill Enhancement** : Gained hands-on experience with front-end development tools and frameworks, furthering proficiency in web technologies and best practices.

#### Web Developer

Jul 2023 – Sep 2024

*Indegene*

Bangalore

- **Front-End Development** : Specializing in HTML, CSS, and JavaScript.
- **Tool Proficiency** : Experienced with Vault, CRM, Salesforce, Redmine, and SVN.
- **Version Control** : Utilized SVN for version control, facilitating team collaboration and project tracking.
- **Cross-Browser Testing** : Conducted testing across multiple browsers and devices to ensure compatibility and responsiveness.
- **Script to HTML Conversion** : Converted script files into functional HTML files to match given specifications.
- **Sandbox Testing** : Uploaded HTML files to a sandbox environment to trigger and conduct unit testing.
- **Issue Tracking and Resolution** : Utilized Redmine for issue tracking and resolution, ensuring any identified issues are documented and addressed efficiently.
- **Collaborative Development** : Ensured HTML files are accessible to team members via SVN, promoting collaborative development and continuous integration.

### Education

#### Bachelor of Computer Application

Apr 2020 – Apr 2023
